Activity Descriptions

Activity	Description
Ball Tournaments	Take part in a mini around the world competition. Compete in soccer, basketball, netball, volleyball and many more to claim victory! Modified to suit all ages.
Ballooney Games	A variety of fun and addictive balloon games based around the challenge of keeping the balloon off the ground. Play name games, balloon volleyball, balloon bop, and balloon juggle + sort – guaranteed laughs for all ages young and old!
Basketball	Drills which will polish your skills! Hit the courts and take part in a championship match! Modified to suit all age groups.
Beautys + Beasts	Create your own wooden figurine 'beauty' or 'beast'. Create scary facial features with beaded eyes and a cotton wool beard or design glamorous clothes with coloured felt and buttons.
Bobblehead Pens	Everyone loves a cool bobblehead pen; and now you can make your own to impress! Make an Easter egg bobble, bouncing bunny rabbit, or even your favourite animal.
Buzzing Books	Design and create a buzzing bee book by cutting out different shaped circles to form a bee pattern. Once complete fill your book with bumble bee facts, stories, and poems.

Activity Descriptions

Activity	Description
Cooking 1 Short Bread Cookies	Put your chef's hat on and join us in making yummy shortbread cookies using flour, caster sugar, and butter. Cut them into shapes of autumn leaves and share them with your friends.
Cooking 2 Bunny Cupcakes	We're making bunny cupcakes that are almost too cute to eat! Bake some yummy cupcakes and form your bunny with marshmallow ears, candy decorations, and sprinkles.
Crazy Cricket	Learn the history, rules and techniques of a superstar cricket player! Focusing on drills, batting, bowling and catching suitable for all ages.
Easter Baskets	Create your own impressive Easter basket complete with poly eggs. Decorate and paint various designs in your favourite colours in preparation for a big Easter hunt!
Easter Party	Draw a map complete with coordinates and host your own Easter scavenger hunt! Celebrate the afternoon with an Easter-themed party complete with party games and music.
Extend Party	Celebrate the end of a jam-packed day with a party afternoon filled with party food and traditional party games!
Funky Puppets	Decorate your own calico hand puppet using fabric paints, joggle eyes, felt, and other art media. Make up an imaginary character or model your favourite cartoon or superhero!

Activity Descriptions

Activity	Description
Handball	Test your hand-eye coordination and participate in a game or two of handball!
Ice Breaker Fun	Get to know each other with funtastic name games and team games that are sure to break the ice and create friendships at Extend Holiday Program!
Incursion - Circus Skills	Fitnessworx will use the children's basic motor skills and everyday equipment in new and exciting activities. See the kids try their hand at juggling, balancing, acrobatics, clowning, trampoline and performance! Hear the applause when the kids show off their new found circus talents!
Incursion - Jungle Party	At a Jungle Party workshop children will experience the fun and excitement of drumming, singing, and dancing with amazing performers from their global village. By sharing the universal language of drumming, children will be inspired to express themselves in new ways and appreciate cultures different to their own.
Kickball	Test your kicking skills with this popular variation of baseball with a fun twist! Suitable for all ages.
Modified Volleyball	How good are you at keeping the ball off the ground? Practice hitting the ball over the net and join in on a mini competition suitable for all ages!

Activity Descriptions

Activity	Description
Netball	Pivot, pass, shoot and goal! All the drills to perfect your skills! With modified games and activities for boys and girls of all ages.
Obscure Octopus	Craft your own obscure octopus using stockings and make the tentacles move using safe wire. Get creative with beads and felt to create facial features.
Science 1	We've all seen quick sand in movies, and now we're actually making our own! Learn how quick sand works in real life by modelling your own.
Science 2	A funtastic session of water science. See how ink is made up of different pigments through several water experiments. Also learn about surface tension with a fun fishy experiment!
Smooth Sailing	Learn all about wind energy by constructing a mini sail car using pipe cleaners, straw, beads, and other art media. Build your sail car complete with wheels and blow on the back to make the car whoosh forward!
Sneaky Shadows	Learn how to create sneaky shadows by constructing a special city scene with accompanying puppets. Hold the scene up to the light or window to create silhouettes of people moving through buildings!
Stamping Collage	Using special foam and poly blocks, cut different shapes of Autumn leaves to construct your own stamps. Dip into different coloured paints to create an autumn collage.
