## Media Release

For immediate release  
20 May 2010

### Free Fun For Everyone!

Did someone say jumping castle? Face painting, parachute games and 10 pin bowling! What more can you ask for? On Thursday 27 May a free activity session will be held at St Albans Heights Primary School where children can participate in a range of activities which will leave them with an experience they will never forget.

Afternoon tea and specific activities handpicked from Extend's After School Care programs have been prepared for the free activity session for all children at St Albans Heights Primary School enabling a unique opportunity to test drive the program.

"Many children have never had the experience of attending a dynamic and high quality After School Care program such as Extend", states Darren Stevenson, Extend Director. "This free activity session offers primary school children at St Albans Heights the Extend experience, where they can play, laugh and be active all at the same time."
