Government regulations impact Outside School Hours Care

How will the new OSHC regulations impact Victorian schools? Extend (Australia) will be hosting an exclusive seminar on the DEECD Outside School Hours Care regulations in the presence of Victorian Principals and Business Managers on Tuesday 8 September at Canvas Restaurant in Hawthorn.

The Victorian Government introduced significant regulatory changes to the licensing of OSHC on 25 May 2009. These new requirements are being gradually implemented so that by 2014 the entire Outside School Hours Care is thoroughly regulated.

A vast majority of Victoria's Government & Independent schools are underestimating the impact of these regulations and schools appear unequipped for such changes in areas such as administration, qualified staff, training, licensing, policies & procedures and transition times.

Extend is a high quality provider of OSHC, currently working with over 50 schools Australia wide. The company's reputable and extensive history makes them the number one quality provider in the industry. Extend upholds a sterling reputation in all aspects of the effective and efficient operation of Outside School Hours Care, along with a genuine passion for each child's development and care in a safe environment.

Please contact Extend if you are interested in attending, strictly limited seating. Don't miss this! Phone 1300 366 437 or email Joanne Ma, Marketing Assistant joanne@extendaustralia.com.au to arrange an invitation. RSVP is essential. In the mean time please contact Extend if you would like to request a detailed information pack.
